Notes for the digitiser

- Gradient
- Light string
- Front layout
- Effects
- Back method
- Approval

Thread can't render it — 2-3 amber tones, lightest upper-left
Satin wire, filled bulbs. Do not drop it — it names the trade
One composition — don't centre or separate wordmark and name
Flat fill only. No puff, foam, bevel or outline
Quote embroidery *and* tackle twill for the wordmark
Sew-out on actual fabric before the run
